1. I am an adult competent to testify about the matters set forth below based upon my personal knowledge. I currently reside in Cache County, Utah. I was born in Box Elder County and my father owned the Muddy Ranch in western Box Elder County until the early 1970's. I lived there years ago and am familiar with the area. I still own land and run cattle in the area.

2. I have traveled on and am familiar with a road in Box Elder County known as Keg Springs Road. I am also familiar with the land the road traverses. When I first used and observed the road in the early 1940s, it followed the same route as in 2004 when I last observed it. I am familiar with the road because I traveled it many times beginning in the early 1940s. I have traveled the road many times since the early 1940s. Attached is a Box Elder County map showing Keg Springs Road. To the best of my knowledge and based upon my use of and familiarity with this road and the land it traverses, the location and route of the road are correctly illustrated on the attached map. The County also identifies this road according to the road number listed above.

3. I have observed that the road has been open to the public for all to use, to come and go as they pleased, since at least as early as the early 1940s and continuing through 1976 to the present. Throughout this time period I have observed travel on the road by horseback and motor vehicles.

4. Throughout the time period described in the previous paragraph I have observed vehicles using the road at various times for ranching, cutting cedar posts, hunting, prospecting, mining, accessing school and institutional trust lands and traveling in and through the area.

5. This road has traditionally been used by people traveling over the mountain. It was

used as an early mail-carrying and horse-and-buggy route in the early 1900s. My grandfather had corrals along this road where he branded his calves. I started using the road when I was twelve years old to access my father's ranch. It is also the reputation in the community that this road was used in the early 1900s as a mail carrying and general transportation route. This road has been open to the public for all to use, to come and go as they pleased, since at least as early as 1940 and continuing through 1976 to the present.

6. The road has been maintained by grading since at least as early as the 1950s. It has since been graded regularly beginning before 1976 and continuing thereafter.
